#### **SUMMARY OF THE REASONS FOR DECISION:**

The computer image file entitled *4) A13274\el12.jpg* is classified as:  
Objectionable.

The computer image file tends to promote and support acts of torture and the infliction of extreme violence and cruelty. This image is one in a series of ten images that present a female who is bound and gagged, apparently in various stages of electrocution. The presentation of this image appears to have been created for the purpose of viewer titillation and sexual arousal. The act of torture and the infliction of extreme violence and cruelty are presented as legitimate for such a purpose. Therefore, under s3(2) of the Films, Videos, and Publications Classification Act 1993, the computer image file tends to promote and support these activities and is deemed to be objectionable.

The classification of this publication interferes with the freedom of expression, but this is an outcome that is consistent with Parliament's intention that publications falling under s3(2) are deemed to be objectionable. The classification reflects the concern of "a free and democratic society" to limit the availability of publications that tend to promote and support acts of torture and the infliction of extreme violence and cruelty.
